### **BOARD MOTION OF DECEMBER 8, 2009, AGENDA ITEM 25 COSTS ASSOCIATED WITH THE LOCAL WORKER JOB ORDER CONTRACT PROGRAM**

This is in response to your Board's December 8, 2009, motion to report on the costs associated with the Local Worker Job Order Contract Program.

Prior to your Board's adoption of the program, Public Works incurred costs totaling \$58,843 for setting up the program. These costs were associated with conducting research on other local worker programs, preparing drafts of the local worker program, discussing the local worker program with the Chief Executive Office and County Counsel, finalizing the local worker program, and creating a computer application for use by Public Works staff to manage the local worker program.

Public Works' costs associated with managing the local worker program since your Board's adoption of the program is \$5,582. These costs are associated with tracking the hiring of local workers on 20 Job Order Contracts valued at \$80 million. We expect these costs to rise as Public Works issues more work orders under the Job Order Contracts, and these increased costs will be reflected in future quarterly reports to your Board.

If you have any questions, please call me or your staff may contact Massood Eftekhari at (626) 458-4016.
